As part of a series of activities to develop reading culture in 2023, to spread the love of books to students in disadvantaged areas, contributing to creating reading habits as well as spreading reading culture. The Library of Ho Chi Minh University of Banking donated books and learning tools to Thanh An Primary School, Thieng Lieng Island hamlet, Can Gio district, Ho Chi Minh City.

Deputy Director Le Van Toan - Library representative presented books and learning tools

The bookshelf "**Books - Nurturing Future Generations**" is launched by the Library every year with contributions from lecturers, staff working at HUB, and sponsors. This activity contributes to bringing books and learning tools closer to students, helping them nurture their dreams from the pages of books and practice lifelong learning skills. Besides, the school bookshelf space is also a place for children to bond together through exchanging and sharing about good books and the positive values they receive from books.
